

Cooperative Agreement
between
The Asian Committee on Experimental Mechanics
and
The Society for Experimental Mechanics

By this agreement, The Asian Committee on Experimental Mechanics (ACEM) and the Society for Experimental Mechanics (SEM) aim to establish a cooperative relationship for the promotion of technical and scientific progresses in the experimental mechanics field as well as to provide forums to leverage our diversities and educate members of our technical communities.

ACEM and SEM agree to the following in their endeavors to raise the awareness of experimental mechanics through its members, conference and events:

1. Members of SEM shall enjoy member rates at ACEM conferences if provided and ACEM Steering Committee Members or their representatives can do likewise at SEM conferences and events.
2. ACEM Steering committee members or their representative and SEM committee members can attend committee meetings to understand plans of one another.
3. ACEM and SEM can place brochures and publications for display at each other conferences and events to promote greater understanding of the societies and membership recruitment.
4. Members of either society availing them of privilege under this arrangement shall present appropriate evidence of membership of their society.
5. Each society shall extend support to other society in organizing conferences or any other international events. Especially substantial support through active co-sponsorship and attendance of executive officers is encouraged.
6. SEM and ACEM committee will promote conferences, activities and other events to their members.

The terms of the Arrangement shall be reviewed by the societies triennially so that the current needs of the membership of both societies maybe met. Amendments of the Arrangement may be made at any time, subject to the approval of the governing bodies of each society. The Arrangement may be terminated by either society on one year written notice to the other society. The Arrangement shall become effective upon ratification by governing bodies of each society.
